

Instructions for Permit Application for
Proposed Oil and Gas Development on Lands Located Within
Designated Floodplain Areas

To comply with the _____ County Floodplain Regulations and to minimize potential flood damage, if you are building within an identified flood hazard area, you must agree to construct your proposed development in accordance with the following provisions:

1. For **ALL STRUCTURES**, the foundation and the materials used must be constructed to withstand the pressures, velocities, impact, and uplift forces associated with the 1% Chance flood.
2. All **UTILITY** supply lines, outlets switches, and equipment must be installed so as to minimize damage from potential flooding.
5. You must submit **CETIFICATION FROM A LICENSED ENGINEER** that the floodproofing requirements have been met. Failure to provide the required certification is a violation of this permit.
6. **Other provisions** – See attached list Instructions for Oil/Gas Floodplain Development

AUTHORIZATION:

I have read or had explained to me and understand the above special provisions for floodplain development. Authorization is hereby granted the permitting authority and their agents or designees, singularly or jointly, to enter upon the property described on the application during daylight hours for the purpose of making inspections or for any reason consistent with the issuing authority's floodplain management regulation. I further verify that the information provided by me on the application is true and accurate to the best of my knowledge and belief.
